BESSEL&SCHWAELLER KAPCSOLÓBERENDEZÉSEK KFT.

PRESS RELEASE

BESSEL&SCHWAELLER KAPCSOLÓBERENDEZÉSEK KFT. IMPROVED ITS PREMISES BY USE OF EUROPEAN UNION AID

Besel&Schwaeller Kapcsolóberendezések Kft. has implemented development of its premises and employment expansion by using European Union aid, contributing this way to the increase of the international competitiveness of the region.

Besel&Schwaeller Kapcsolóberendezések Kft. has won HUF 60,000,000 non-refundable EU aid in the 'Development of premises for regional cohesion' tender under the Southern Transdanubia Operational Programme of New Széchenyi Plan.

A modern assembling hall of 1150 m2 is going to be built on the company premises under the programme in 2014-2015. The planned deadline of the completion of the investment: 15.06.2015 With the new, modern production area the enterprise will strengthen further its position in the international market, as against its also continuously developing competitors.

Besel&Schwaeller Kapcsolóberendezések Kft. owns one premises in Pécs, in South-Western Hungary. The enterprise was established in the year of 2005. In the first year it employed 5 employees, the present employee number is 63, who work in an advanced production area of over 2000 m2.

Besel&Schwaeller Kapcsolóberendezések Kft. has grown to be an enterprise using the most advanced technologies, continuously expanding in the industry. Its principle activity is electrification of switchgears and manufacturing cables, cable harnesses and interface cables.

Due to the intense flexibility of the company and the perfect quality of its products it has become a solid partner for numerous top companies in the global market in the field of metalworking, woodworking, pharmaceutical, and solar technology mechanical engineering, as well as of the car industry.
